Marvin E. Owens Home for Funerals

Located on Main St. in Brodhead, the funeral home is housed in one of the country's most historic homes, which was built in the 1880s.

The Owens' purchased the property from the Ellen Brown family in 1996. They have re-stored and remodeled it into a prestigious home which provides for the needs of everyone, including the handicapped. The funeral home is the only one in the county that has everything on ground level, making it unnecessary for the use of handicapped ramps.

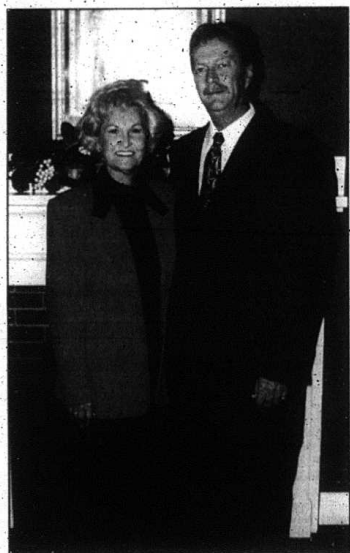

The funeral home also features a covered canopy and lighted parking. All funeral arrangements, embalming and casket selections are done on the premises.

Both Marvin and Judy are licensed professionals in the funeral industry. They invite everyone to stop by the funeral home to discuss pre-arranged funeral services and Monuments along with the many payment options available. The Owens' would like to remind families in the area that they can move their pre-arrangements from one funeral home to another, it's as simple as a signature.

The Owens' believe "children are the way of the future", which is why their facility uses

York Cabinets, which supports the Children's foundation - a non-profit foundation dedicated to the future of children.

by supporting vital, local children's organizations we preserve our future for generations to come.
