

Carpenter - Ellison

Johnny and Gladys Carpenter, of Livingston, would like to announce the forthcoming marriage of their daughter, Johnetta Susan, to Rodney Ellison, son of Darrell and Wanda Ellison, of Brodhead. The wedding will be an event of Saturday, June 2nd at 2:30 p.m. at Livingston Pentecostal Holiness Church.

No formal invitations are being sent. All family and friends are invited to follow attending the ceremony, a reception will be held at the church.

Kiwanis president Donald Coyle and Jessie Murray, Young Children-Priority One chairperson are shown presenting the Spinoza bears to Twila Burdette, the Activities Coordinator at Rockcastle Hospital.

Kiwanis Club donates Spinoza bears to Respiratory Care Unit

By Martha Cox
Thanks to the Rockcastle County Kiwanis Club and Jan Gill with the Modern Woodmen of America Insurance Co., a project that began several months ago has been completed with successful, exciting results. Recently, every child in the Rockcastle Hospital Respiratory Care Unit was given a large Spinoza bear.

Spinoza bears are not only a soft, cuddly eddy bear, but a carry form designed, wonderfully dynamic sensory tool with auditory, tactile and visual stimulation. Tucked inside his tummy is a high quality cassette player, and a speaker that delivers crystal-clear sound with a turn of his "heart." With each bear nine cassette tapes were given that have been specifically recorded with selected tonalities that promote relaxation with the ability to calm and comfort. The bear's soothing voice and messages of unconditional love, self-acceptance and positive reinforcement will be a great asset to these, sometimes frightened patients, who are away from home and family and facing painful procedures and loneliness. The bear's physical presence helps to lessen the anxiety and fear. The nine tapes cover speech and language, quiet/calming time, transitions, multiculturalism, active learning, music and movement, time, mental health, nutrition, medical comfort.

Kiwanis International's main objective is Young Children-Priority One in prevention of health and disability from trauma and disease. In addition to educational materials, networks between clubs, training and equipment, we have seen the need for support of the child after the trauma has happened. Every year 15,000

children die and another 100,000 are permanently disabled because of accidental injury.

The Rockcastle Kiwanis Club has chosen the Spinoza Bears as project to help in pediatric trauma situations since children react to disease and trauma very different than adults. One patient, Eric writes to the Kiwanis Club, "Thank you so much for the Spinoza Bear, it gives me company and comfort." Isn't it amazing how the presence of something as simple as this special bear can make such a difference. The Kiwanis Club's Young Children Priority One Committee would like to publicly thank Jan Gill and Modern Woodmen of America for collaborating with them to make this project become a reality for the children in the Rockcastle Hospital Respiratory Care Unit.

In and Around Mt. Vernon

By Vallie Burton

Patricia Holland and granddaughter, Angie Eaton have returned home after spending two weeks with Mr. and Mrs. John Riley of California.

Mr. and Mrs. Harris Burton were in Richmond recently to consult Mr. Burton's doctor.

Mrs. Jasper Carpenter underwent surgery recently at the Rockcastle Hospital. We wish her a speedy recovery.
