Becky Smith giving Uncle gift of lifeinsurance company not so generous

By: Richard Anderkin
How much is one man's life
worth? The insurance carrier for
Donnie Warf, says it is only worth
SO.000 to them.
Warf, SI, a former Rockcastle
County resident and Mr. Vernon High
crimosis of the liver, due to contracting hepatitis C sometime in the 70's
when the worked as a lab technician
for the United States Military.
Warf's insurance will not cover
all of the costs for an expensive rare
surgery that will allow his niece,
Becky Smith of Brodhead, to donate
a lobe; take liver to by "sersurance will not pay for any of the
expenses connected with the surgery

and her uncle's insurance company has said it will only pay \$10,000 of her expenses. The cost of the surgery could exceed \$70,000.

Mrs. Smith is an eighth grade teacher at the Rockeastle County Middle School and she is assistant girls basketball coach at Rockeastle County High School.

Her father, Ronnie Warf, and her Uncle Donnie are twin brothers.

County High School.
Her father, Ronnie Warf, and her Uncle Donnie are twin brothers.
Donnie also has a sister, Jane Jones, and another niece Janelle Jones, who is a member of the Rockeastle County High School Dance Team.
The dance team will hold a benefit ca wash on August 4 and a benefit ca wash on August 14 from 10 a.m. to 4 p.m. at Wendy's Restaurant

in Mt. Vernon.

T just thought, if I could help in any way ... your family, you just help them, "Smith said.

Becky's sort of our angel, "Warf said. "She comes bearing the gift of life," he said.

When Warf, his wife Irene, and their two sons, first Jearned of Smith's intentions, Warf told her to think it

"My first response to her was,
'Oh, Becky, you don't have to do that.
This is not small thing you're doing,"
Warf said

"He never asked," Smith s

"He's been overwhelmed by it, I be-lieve," Smith said.

Accepting Smith's gift will alle-viate waiting for a cadaver organ

donation - a process that can take months' or years.
While Warf is class three on the organ donation list - the least severe he said his condition would continue to deteriorate if he had to wait for an organ donation.

"People need to be aware of how many people are waiting for organs," Warf said.

"Percent May 15 corolle die austine.

Every day, 15 people die waiting, while another 60 are saved through

transplants.
Nearly 18,000 people need liver transplants. In total about 80,000 people are awaiting some kind of transplant.

splant.
While Warf is foltunate to have a nily member who can help him (Cont. to A10)

U.S. Representative Harold Rogers of Somerset recognized the accomplishments of Roundstone Elementary School during remarks on the House Floor last month.

Rogers particulary pointed to Roudstone's award as a "Title 1 Distinguished School" by the U.S. Department of Education and the National Association of State Title 1 Directors.

National Association.

Directors.

Rogers saluted the students, teachers, parents and administrators at Roundstone for their achievement.

It was the first time a county the students and the students are county and the students are consistent of the students. school had been recognized on the floor of the U. S. House of Represen-

Those of the U.S. Frousson represen-tatives.

"At Roundstone, a small elemen-tury school in rural southeastern Ken-tucky, the students are achieving re-sults and exceeding expectation," Rogers said.

"This is a result not only of the students' hard work, but the dedica-

that the first step toward success was creating an environment in which all students, no matter their ability, can effectly learn.

Second, they have designed a curriculum in which stath as an en-encouraged to learn and think critically, to delve into science and mathematical problems, and to write creatively. Lastly, the parents of the students are involved throughout the process. It is critically important that parents have proper consultation on their children's curriculum, and the parents at Roundstone have been inte-gral to the program's success.

ents at Roundstone have been inte-gral to the program's success.

* Rogers says the achievement is particularly important for Roundstone, at a time when Ameri-cans are seeking results and account-ability in their schools. He told his House colleagues that Roundstone has proven it can serve as a model for (Cont. to A10)

State indentifies insecticide

State officials still do not know how it got there, but they have iden-tified an insecticide, which is respon-sible for the deaths of several animals in the Mullins Station area of the

in the Mullins Station area or un-county.

State inspector Bill Beicher said the insecticide with the trade namic of Furodan was found in tested samples near the dead animals in at the "Sinks" of Roundstone Creek.

Last week local officials were notified as to a possible contamina-tion in Roundstone Creek by the Berea women who were walking a

dog in the creek bed.

The dog apparantly drank from a small pool of water in the creek and died. Local officials found several other dead animals in the general area

ound the pool.

Belcher said that Furodan is an

Belcher said that Furodan is an extremely powerful insecticide whose toxic properties can be passed from the carcass of one animal to another on three to four succession. Belcher said that someone may have used the insecticide to bait coy-otes in the area, but that was only a

theory.

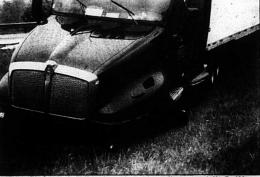

An unidentified barrell that was located on railroad property near the site has not been determined to be the cause of the chemical vilation, according to Belcher.

Belcher also said that state officials were sure that ground water in the area had not be contaminated and that all well water in the area was safe to their the control of the contaminated and that all well water in the area was safe to their the control of the contaminated and that all well water in the area was safe to their the control of the control of the contaminated and the control of the con

County employees used a back-hoe to bury all of the dead animals, which were located in the area.

Blood Drive

A Brodhead woman escaped serious injury Wednesday morning when she lost control of her Ford M on 1-75. Elaina Renee Leger, of Rt.3, Brodhead, told police that she lost control of her car after it i planed in the southbound lane, which caused her to go into the median and strike a tractor-trailer dri a El Paso, Texas man. Mrs. Leger was taken to Rockcastic Hospital by ambulance and admitted for ment of an injured arm and leg.

Berea Funeral Director Drowns in Grayson Lake

Berea Funeral Home Owner, David Williams, 45, apparently drown in Grayson Lake on Sunday

arowin in Grayson Lake on Sunday injaht.

According to the Carter County Coroner's office Williams was pronounced dead at midnight.

Major Pavid Casey of the Kentucky Department of Firsh and Wildles aid the department is investigating the drowning and a complete report will be available pending autopshy and other results.

Casey said that life jackets were in the board but Williams was not wearing one at the time of the accident.
