## MS accepting applications for summer program

Morehead State University's Upward Beauth Mith and Science Center is now accepting applications for its work and the second of the content is now accepting applications for its 2002 simmer program.

Students will have the opportunity to participate in a six-week residential program on the MSU-campus while doing hands on research and taking various courses from science based to a wide offering of elective classes such as karate, weightlifting, history of rock and roll and diseased detectives. For those selected to participate, all expenses are paid and a small weekly stipend is provided for incidentals.

Participants will be allowed to ghome every weekend, leaving campus on Friday afternoon and refurning on Sundey Might. A trip to King! Island as well be included uning each week's activities.

Concluding the summer activity is a three-day, two-night Aviation Astrotek camp at the U.S. Space and Rocket Center in Huntsville, Alabama, with a "mystery" stop and stay-over along the way.

"If you've never expérience d'so force, wordered what it would be like to fly a flighter jet, or ride a voer on the surface of Mars, here's your chance," said David Sloan, associate director of the program, a so wonderful opportunity to make lifelong friends with the same interests as you, as well as to underzake new challenges and discovered the surface of Mars, forcently indicated to the Upward Bound Math & Science and the content of the conten

The Upward Bound Math & Science Center is a federally funded pro-gram and candidates must meet elility requirements. Additional in-mation is available from your pol counselor or from Sloan by

dl.sloan@moreheadstate.edu or de disloan@moreheadstate.edu or calling toll-free (866)407-0011.
The 2002 summer program run June 9 through July 17. Sloan-offers this advice: The earlier you apply, the better your chances of securing a spot for the summer!

Mt. Vernon Elementary School will hold a Math-A-Thon to benefit St. Jude Children's Research Hospital. The event, scheduled to begin-february is, being sponsored by the fourth grade. By supporting the parise funds for the internationally recognized hospital. These funds will help st. Jude in, its ongoing flight against childrend catastrophic disapinst childrend catastrophic disappet childrend catastrophic childrend catastrophic childrend cat

eases.

Math-A-Thon is sponsored by Six
Flags Theme Parks, who provide free
passes to their parks for every student raising \$35 or more through the

program.

All St. Jude patients are treated regardless of their ability to pay Any person or business that would like to make a donation may call the school as 256-2953. All help will be greatly proposed the school as 256-2953. All help will be greatly proposed the school as 256-2953.

For A Time Such As This ....

When Our Very Existence Has Been Threatened.... Let Us Be Reminded That There Is Still Hope.
