Charter P.E.G. channel discussed at council meeting

Arvin brought on the subject dur-ing Monday night's regular monthly meeting of the Mi. Verhon City Com-

II. Arvin inde-Charter Communica-jons General Manager Dave Hudson hat although he wayn't a subscriber he appreciated all of the work Char-er had done to improve their cable

Arvin had talked on a couple of occa-sions, concerning the possibility of Charter providing a channel for local

would-not have any problem including that supulation in the next franches agreement, which is due to be recoved in about a year. Histors said that the biggest problem (accept to those involved in producing programming for such a statistic was the amount of content.

It seems take in Secones very difficult to produce mough good and the characteristic forms to the content of the c

chies agreement, which is due to be memore did alto it seems to students. Arvin said that the biggs par problem faced by those involved in producing programming for such a student with the seems that it becomes very interacted in working on such a producing programming to keep people tuning in. Arvin said that the 21st Century has all a council seems of the programming to keep people tuning in. Arvin said that the 21st Century Commitmy Learning Center at the Rockwickle County Middle School discussed at length at a later date.

Mt. Vernon city council balks on 30 million gallon request McClure said the problem was with

The Mt. Vernon City Council turned down a request by officials from Western Rockeastee/Water Association for 30 million gallons of water a month, during their regular-monthly meeting on Monday.

Mayor Karen King told the council that Western was currently buying about 20 million gallons a month from the city and that when the city got their ower problems at the water plant straightened out they would provide Western with all the water-they breefed.

McClure said the problem was, with the amount of raw water coming from Lake Linville to the plant. We just can't get mough to the plant to agke care of such a request," McClure said.

The pipe coming from the lake to the plant in this genough, "he said.

When we are able to get stough with the plant of the plant of the plant of the control of the plant of the plant of the tracting it," he said. Supplicition to treating it," he said. Supplicition to treating it, "he made are the plant of the plant of the million exponsion and uperande at the

Mayor King accused of taking "kick-back"

By; Richard'Anderkin
The Mt. Vernon City Council fielded complaints on Monday night about poor rad conditions and cable iclevision service.
They even heart from one couple who accused Mayor Karen King of the August Council of the C

Ms. King lives in Chestrul Hills Subdivision but not on Red Bud Drive.

The Cunninghams also said that last fall when the city was doing blacktopping in the sibdivision. Greef Brothees laid blacktop in front of King's driveway. It think that ways a kink-back, "said Sue Cunningham. The blacktop was fand along the main road in the subdivision which is manded Cheatural Hills Drive. Ms. King, and McClare. told the King, and McClare. told the Cunninghams that the blacktop Ms. King received was a donation from Greef Decause it was left over and haid to be used before it "setup."

However, Dr. Cunningham said that he knew for a fact that the blacktop laid in front of King's driveway was the first off the truck.

Councilland of Millins suggested that King and Rockcastle County Judge-Executive Buzz. Carlofits work out some kind of arnagement on the roads inside the city limits, which are not maintained at the present time by either the city or the county.

McClure said it would take

at the present time by either the city or the county.

McClare said it would take 880,000 to fix Red Bud Drive like it should be and he alsp suggessed rassing the payroll tax to pay for the maintenance on all roads in the city which necoded it.

McClare's suggestion of raising the payroll tax diven be and the payroll tax diven be and the payroll tax diven be and the total who said there would be no raise in the tax.

De Quanisarham told McClure

the tax.

Dr. Cunningham told McClure
thathe thought his estimate of \$80,000
was crazy and that it would take a lot
less to fix the road than tha.

"If you all would have just fixed
some of the pot holes, we probably
wouldn't have said anything, but we
pay city taxes just like everyone else,"
she said.

she said.

The Cunninghams said they had also spent \$5,000 of the cown money on the road and that they had received an estimate of \$17,000 to fix the road.

Mayor King said that Red Bud Drive was never accepted by the city, although the subdivision is in city

(Roland Mullins) said the road was never built to specifications and he would not accept it." King said: Council woman Kirby, also said she did not understand the way the city decides to fix roads. "Now you (McClure) and the Mayor just ride around and decide where blacktop will be put and where it won't," she said.

will be put and where it won't, 'she said.

Two current council members, cliented Daugherty and Gene Cromer, are also in the same quantify as the Cunninghams.

They live in the cally limits on streets that have never feen maintained by the city and which are not maintained by the couring anymore.

McClare said the roads were not worked by the couring anymore.

McClare said the roads were not worked by the city because the city has never taken over ownership, altough the roads are in the city limits.

As for working something out with the county, Judge-Executive Carlottus said that he would be willing to discuss the problem, but that the state had made it very clear that the county was not suppose to work on roads which are inside the city limits.

on foods' which are insuce use say limits."

They told me, no mowing, no stower emoval, no patching, no disching, no garbage removal and certainly no blacktopping. In easily, Carlotius said that he met with officials at the transportation office in Somerset last fall and they made it, perfectly clear that once a roadway is placed inside the city limits it is no longer the county's responsibility to use care of it.

a city expands its corporate limits, it

then arbitrarily refuse to provide proper street and road service to the new city residents," Carloftis said.

Councilwoman Kirby pointed out that the problem was only going to get worse if and when the city re-draws city limit boundaries, bringing in more residents and, of course, more

roads.

At Monday night's meeting the council approved a payment of \$40,000 to Greer Brothers for last

Hudson has some answers

Charter Communications General Manager Dave Hudson was at the Mt. Vernon Council meeting Mon-day night and this time he had a few more answers for the crowd, than he

more answers for the crowd, than he did a month ago.
Hudson said that he recent upgrade of the Charer's cable television system was virtually complete and had been inspected.
He said that if customers were having any problems at the current time, their problems were most likely inside their homes, but that they abould still call Charter's service de-eventuel.

parament.
We are not responsible for prob-lems inside the house, but during this upgrade we will help our customers figure out what the problems are and fix them," he said.
Hudson said Charter had spent millions of dollars on their recent
