Agricultural News

By Warden Alexander, FSA Director

March 4 Month in the Making

March 15-21 Women's Work Week
Women are working harder as are all Americans. The average middle class family's income rose by 9.2% after inflation, but they're spending 6.8% more time to earn it. From 1950 to 1999, the increase in the percentage of women among the work force has been overwhelming.

- The percentage of women economists nearly tripled, to 51%.
- The share of women pharmacists increased sixfold, to 49%.
- The number of women lawyers went up sevenfold, to 29%.
- Women now comprise 50% of all journalists, up from 38% in 1950.
- Ag week March 17-23
- Did you have breakfast today or dinner last night? If so, thank a farmer and rancher! Some interesting facts about Agriculture in the United States.
- Only 11% of our income is spent on food, compared to 18% in Japan, 27% in South Africa and 51% in India.
- U.S. crop value in 1997 was \$98 billion and the value of livestock and poultry was \$99 billion.
- The average farm of the U.S. is 487 acres.
- The average age of a U.S. farmer is 54.3 years.
- The U.S. provides 25% of the world's total supply of peaches!

Stewardship Incentive Program (SIP)
Kentucky Farm Service Agency has determined to have a Stewardship Incentive Program (SIP) signing starting immediately, and going through April 30, 2002.

To apply for SIP benefits producers must have more than 10 acres of nonindustrial forest land. The program includes cost share for establishing or regenerating stands of trees through planting or direct seeding of trees for conservation and sustainable timber production, forest improvement and to maintain or improve water quality and soil productivity on forest land to restore wetlands. All cost share practices approved during this sign-up period must have final performance reported by December 31, 2002. Therefore, expiration dates cannot exceed December 31, 2002.

For additional information contact the local FSA County Office.
FY 2002 PFC Reminder
Producers who wish to receive their 2002 PFC (Production Flexibility Contract) payments early must sign a form for what month you wish to receive your 2002 payment. The deadline to sign or revise a PFC for FY 2002 is August 1, 2002. Do not expect a payment for your farm if you are considering selling a portion or the entire farm. Changes in your farming operation must be reported timely in order to reflect PFC payments to the current crop year producer.
All changes reflected on the CCC-478, Application for PFC Payment, must be signed by August 1, 2002.

Tobacco Spot Checks
Producers who have reported unmarketed tobacco stored on the farms are subject for random spot checks. Spot checks are performed by local FSA personnel to verify the amount of tobacco reported. These spot checks will be carried out in the next few months. If you have moved tobacco from where you first reported the storage, please contact FSA to report the new location.

Marketing Cards
Producers who have sold the current years crop of burley tobacco are encouraged to return their marketing card to the FSA office as soon as possible. Marketing records on the cards are compared to sales recorded for accuracy. Failure to return the marketing card promptly delays correct information for the 2002 crop year data.

Wheat Reporting
Small grains (wheat) crop reporting can now be completed at the FSA office after they are planted. Wheat crop reporting must be on file by May 31, 2002. All other crop reporting must be on file by July 15, 2002.

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, gender, religion, age, disability, political beliefs, sexual orientation and marital or familial status. (Not all prohibited basis apply to all programs) Persons with disabilities who require alternative means for communication of program information (braille, large print, audiotape, etc.) should contact USDA's Target Center at 202-720-2600 (voice and TDD).
