

New Speech Therapist joins RHRCC

Carol Annette Hutchins has joined the Rehabilitation Department at Rockcastle Hospital and Respiratory Care Center, Inc. as a speech language pathologist.

Hutchins earned a master's degree in communication disorders from Western Kentucky University in 1992 and has worked with children and adults with speech and language needs. She has practiced in a variety of settings, including hospitals, home health care, long-term care and public schools.

As a result of certain diseases or injuries, some people have communication problems or swallowing impairments. The focus on communication treatment is on speaking and understanding so that those affected can return to normal activities of daily living.

RHRCC offers comprehensive inpatient and outpatient rehab services, which include speech therapy, occupational therapy and physical therapy.

Rockcastle Hospital and Respiratory Care Center, Inc. is a not-for-profit community hospital, which is accredited by the Joint Commission on Accreditation of Healthcare Organizations (JCAHO). It operates inpatient and outpatient acute care pro-

grams, 60 long-term beds for ventilator-dependent patients, and a home health-care service. The organization recently purchased a local nursing home, which has been renamed Rockcastle Health and Rehabilitation Center, Inc. It will be surveyed by JCAHO later this year.

The hospital was established in 1956 and treats patients from across Kentucky, Tennessee and several other states. For more information, log onto www.rockcastlehospital.org.

Reunion Kirby-Renner

Friends and family of the late Harrison Carpenter Kirby and Maggie Renner are invited to a family reunion on Sat., May 4 at the Quail Community Park. A pitch-in lunch will be held with the meal beginning around 12:30. Please join us for an afternoon of good food and fun.

"Arrest"

(Cont. from front)

Perkins, but Perkins did not cooperate and fled to Bryant Ridge, via Park Hill Road, around 9 p.m. Monday.

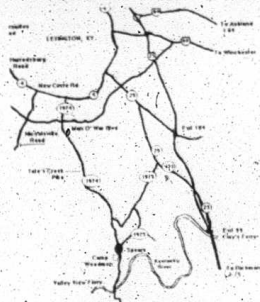

Perkins left his vehicle and ran off-foot. Other officers attempted to assist in the stop, but to no avail.

Perkins remains at large.

The power of a Grandpa.

Children have a very special relationship with Grandpa and Grandpa. That's why grandpas can be such powerful allies in helping keep a kid off drugs.

Grandpas are cool. Relaxed. They're not on the long line every day. Some have a kid here to talk to. He never hushes his grandpa.

Grandpas are like direct, painless, black-and-white questioners you're too nervous to ask.

"What's the girl?"

"How come you're doing poorly in history?"

"Why are your eyes always red?"

"Did you go to the doctor? What did he say?"

The same kid who comes to his parents is called to be to Grandpa. Without beating their chest, a loving understanding grandpa can discuss the danger of drugs with the child he adores. And should.

The average age of first-time drug use among teens is 15. Now that's a lot of kids.

• 1 out of 4 American kids between 9 and 12 is offered illegal drugs. 22% of these kids receive the offer from a friend. And 10% named a family member as their source.

• Legal drugs are linked to increased violence, so AIDs, so both doctors, drug-related crime, and homelessness.

As a grandpa, you hold a special place in the hearts and minds of your grandchild.

Share your knowledge. Your love. Your faith in them. It's your future as an uncle, a grandfather, a great-grandfather.

If you don't have the words, we'll help you find them. Information is just a click away. Visit www.grandpa.com today.

Grandpa.com. Talk to your grandpa. You don't realize the power you have to save them.
