Dear Editor,
Your County Judge
George (Buzz) Carloftis. He
comes from a family of six children
who grew up at Fort Sequoish and
attended elementary and high school
at Livingston. The school, was a better place for their having been there. lace for their having been there ir mother, Lucille Carloftis. Their mother, Lucille Carloftis, dressed up in a costume on special days, filled a basket with candy and other goodies, and visited the school. She would go into every elementary school classroom, tell the children a story and give them a treat. I taught Commerce at Livingston High School in 1968, and Buzz was

one of my students. He was a junior in high school, had a brilliant mind and a wonderful personality and was strictly business. He was one of the work communications center in a court-jouse in Kentucky with free public, internet use. He established the first ever health insurance for county em-

ever health insurance for county em-ployees. Everything he has done has been to improve the lives of the people of Rockcastle County Make up to what you have! If you look has to be the county was to be the time of the county was to be to make the county of the county to what you have! If you look has to make you live to look the time day will be a said day for you. If you don't know him personally go in to see him. You'll love him. Edith C. Feltner

Dear Editor.

Let me tell the people in Rockcastle County what I think about the prisoners. Just because people are in jail does not mean they can't do anything. As a matter of fact they probably can do as good or better than some people in the county. Some can't and won't do anything, but gos-

sip!

Just because some people are in jail does not mean they are bad people. They just do a little something wrong. Some get caught and some don't.

some don't.
I myself think they do a good job. They keep the roads and ditches clean. They keep the trans lepel pitch out their car windows picked up. I am proud of them for that do you should be too. No one is perfect.

Because of them we have a clean county. They don't work at a certain time they work year around and up do a darn good job, from what I can
