

County Committee Monthly Meeting

The Rockcastle County Farm Service Agency (COC) will hold monthly meetings open to the public the first Thursday of each month beginning at 8:00 a.m. The meeting will be at the Rockcastle County Farm Service Agency located in the USDA Service Center on Hwy. 150 in Mt. Vernon. The next meeting is scheduled for Thursday, June 6, 2002.

The COC members are vital to the day-to-day operations of FSA. The COC members help FSA at the local level by deciding the kind of programs their counties will have and how they will operate. FSA committees operate within official regulations designed to carry out Federal laws and applying their judgment and knowledge to make decisions.

Burley Tobacco Leasing
Producers may lease burley tobacco quota effective immediately through July 1st. Producers may list quota for lease on the bulletin board space by way of contacting the county office either in person or by telephone.

Tobacco Spin Checks
Producers who have reported unmarketed tobacco stored on the farms as subject for random spot checks. Spot checks are performed

by local FSA personnel to verify the amount of tobacco reported. These spot checks will be carried out in the next few months. If you have moved tobacco from where you first reported the storage, please contact FSA to report the new location.

Warehouse Designation
As a condition of price support beginning with the 2001 crop year for tobacco, producers were required to inform FSA of the warehouse where they would market tobacco. This is required by completing the form FSA 808, Warehouse Designation, to indicate where the tobacco will be sold.

Initial designation will end August 1, 2003. Producers are encouraged to complete this form after all lease and transfers have been updated. After the initial designation period ends producers will be limited to designate for the farm to any one day during the five workdays that end on the first Friday in each month after the burley tobacco marketing season begins.

The warehouse will be indicated with a number on the market card. Therefore, if you decide to market at a warehouse other than the one specified on the card, you must return that card to the FSA office in specific time periods to request another marketing card.

FSA has a listing for public notice of warehouses, receiving stations and dealers posted on the bulletin board in the county office available through March 31, 2003.

Crop Reports
Producers with crops such as tobacco, corn, soybeans, hay, pasture, vegetable, etc. may report the planted acres to the FSA office now through July 1st.

All farms with an effective quota greater than zero (0) must file a FSA 578, Report of Crop Acreage, no later than July 1st. Reports filed after the deadline will be subject to a late fee. Marketing cards will NOT be issued without a crop report on file.

Farms with an effective quota that will not plant or lease quota away from the farm MUST file a zero acreage report, or the farm will be subject to quota forfeiture for the applicable burley marketing quota not established for the farm, unless the State Committee and the County Committee determine that the reduction is not applicable.

We strongly urge producers to contact the office and request an appointment prior to filing the report. You may do so by calling 256-2525 extension 100.

FY 2002 PFC Refinder
Producers with Production Flexibility contracts (PFCs) authorized under AMTA in the 1996 farm bill must continue to follow contract requirements for the 2002 crop year. The deadline to sign or revise a PFC for FY2002 is August 1, 2002. PFC payments for the 2002 crop year will continue to be issued, as requested, until September 30, 2002, provided all eligibility requirements have been met.

Producers who wish to receive their 2002 PFC (Production Flexibility Contract) payments early must

sign a form for what month you wish to receive your 2002 payment.

Producers are encouraged not to request a payment for the farm if they are considering selling a portion or the entire farm as payment received must be refunded. Changes in your farming operations must be reported immediately in order to reflect PFC payments to the current crop year producer.

All changes reflected on the CCC-478, Application for PFC Payment, must be signed by August 1, 2002. For additional information on the PFC program contact the FSA office. **USDA Launches Farm Bill Implementation Website**
On May 13, 2002 President Bush

signed into law the 2002 Farm Bill, officially known as the "Farm Security and Rural Investment Act of 2002."

With the Farm Security and Rural Investment Act of 2002, the U.S. Department of Agriculture has launched a new website aimed at helping farmers, ranchers and the general public learn the latest information about the new farm bill.

The website can be directly accessed from USDA's official website at <http://www.usda.gov/farmbill/> or by simply clicking on the 2002 Farm Bill icon on USDA's main website at <http://www.usda.gov/>.

The new website will include farm bill program details, questions and answers, program applications and sign-up forms, as well as other important materials from USDA agencies on farm bill implementation. The website will also contain advanced electronic applications to help program applicants receive program benefits faster and more efficiently.

Important Dates to Remember
July 1, 2002 - Deadline to sign all

Tobacco Leases

July 1, 2002 - Deadline to report Crops

August 1, 2002 - Deadline to sign Warehouse Designation.

Thank you for going to the polls and showing interest and concern in the well being of Rockcastle County. I appreciate your votes and plan to carry out the promises I have made to you. As Constable of District 4, I plan to institute a Community Crime Watch Program. I look forward to working with each of you and serving our community.

Sincerely, Roger Pigg
