to remind everyone of the incredible importance of their contributions. This ceremony of light symbolizes the hope and courage with which we continue to work toward a cancer-free tomorrow. Please see the Luminary Order Form in this week's Signal for more details on how you can help light up the track on August 2nd.

If you are a cancer survivor and would like to be a part of this event then call Sandra Bullock at 758-8058 or Mary Ann McNew at 256-4046. If you are a cancer survivor and plan on attending the event then please call at the football field and register a little before 7 p.m.

Teams need to have their campsites ready before 6:30 p.m. The next Relay for Life planning meeting will be Thursday (today) at 6:00 p.m. at the community room of the CumberlandValley Home Health located in the Industrial Park. All team captains need to be at the meeting in order to stake out where their campsites will be located.

If you have any questions about the event then please contact any of the following people or other names and numbers listed in the article.

Kelly McClure at 256-4122, Tom and Darlene Larkey at 878-9412, Stacy Gentry at 758-0233 or Cynthia Rogers at 679-3287.

Kelly and Tricia lost their mother to cancer in 1999 and their grandmother is a cancer survivor. All four members of this family will be participating in the August 2nd event.

The USDA Natural Resources Conservation Service is accepting applications from qualified landowners for enrollment consideration into the Wetland Reserve Program. Landowners can enroll their land under a 30-year or permanent easement for a lump sum up front easement payment and have USDA pay 100 percent of the wetland restoration costs. Eligible lands include, farmed wetlands, prior converted cropland, farmed wetland pasture, and farmland that has become a wetland as a result of flooding. This is a great opportunity to retire fields where crops are frequently lost to wetness, to cash out land equity, reduce farm debt, or establish a hunting club/preserve. Review the warranty easement deed carefully as the program may not meet all landowner objectives. See Randall Templeman, District Conservationist to determine if your land might qualify. The next ranking deadline for easement purchase consideration will be October 2002. Randall may be reached by calling 256-2525 ext. 3, or his office is located in the USDA Service Center, Rt. 4 Box 374-A, Hwy. 150, Mt. Vernon, KY 40456.

Something To Think About

ROY MARTIN DIRECTOR

Thanks to the miracles of modern medical science, healthy organs from the body of a deceased person can be successfully transplanted to help restore the health of a living person. Those commonly include kidneys, corneas, hearts, livers and skin.

The decision to make such a donation is, of course, a personal one. It might be, well to add, however, that virtually all religions in the United States have no restrictions in regard to the donation of organs to help another patient regain his or her health.

One should also keep in mind that the donation of an organ in no way modifies one's funeral arrangements. The removal of the organ is carried out in an operating room by a team of surgeons and nurses for transplantation to the recipient. Then, after a brief post-mortem, the body can be transferred to the funeral home and the deceased's wishes carried out as specified and desired.

"Flat Rock"

(Cont. from Front)

At Flat Rock, has made teddy bears to give-a-way as prizes for a basketball-shooting contest at the Flat Rock's campsite. If you can shoot three out of three shots, then you can win a homemade teddy bear. Flat Rock Baptist Church will also have a bowling activity and Pastor Larry Burton has rented a dunking booth for their campsite.

The other three cancer survivors of Flat Rock Baptist Church are Leonard and Emily Barton and Janice Mason. Those who have gone on to heaven are Elmo Reams 1997, Sandy Vanvinkle 1999, Felix Reams 1999, Janet Powers 1999, Junior Reynolds 2000 and Vista Hampton 2000.

The two teams will be walking in honor of the five cancer survivors of their church congregation and in memory of the seven members who lost their battle to cancer.

Come out and show your support as these teams rally together to celebrate surviving, to remember those who lost their battle to cancer, and raise funds for an awareness of the fight against cancer. We need you to participate by being a spectator and participating in the events at the different campsites on August 2nd.

"Gore"

(Cont. from Front)

Their first number one song, "Meanwhile In The Garden" stayed on the charts as Number One for three months. Recently, "Blessed Be The Name" also went to number one. They traveled, sang and became one of the most requested artists on Gospel Music Television, and in major radio markets across the United States, South Africa and Ireland. They had the pleasure of being the first Southern Gospel group to ever tour the country of Ireland. Tony has always had the finest talent in Southern Gospel Music singing with him. The ministry of Tony Gore and Majesty has birthed a multitude of ministries; music ministers, evangelists and pastors that are blessing live today.

In April of 2002, Tony's ministry took a new direction, as he became a Solo artist. It was the culmination of a long path of prayers and situations that God was working together to bring this to pass. Today, Tony is traveling and ministering with a new zeal, a new enthusiasm and a fresh anointing.

Tony Gore's unique voice and style have made him not only a leader in the industry, but through his growth and determination, has won the hearts of the fans and the respect of his peers. Tony Gore has an exciting future as he delivers his inimitable voice, dynamic style and anointed music that will thrill Southern Gospel promoters and fans alike.

Tony Gore records for Promised Land Music and is represented exclusively by the Beckie Simmons Agency.

Don't miss Tony Gore when he comes to Renfro Valley on Saturday, August 3.

Join your community in an overnight fight against cancer! The American Cancer Society's Relay For Life will be held August 2, 7:00 pm at the Rockcastle County Middle School.

Relay teams will take turns walking, running or even strolling around the track. The teams consist of individuals representing corporations, churches, clubs, organizations and families. During the Relay For Life, team members may enjoy games, food, music and camaraderie while camping out on the surrounding grounds.

At 10:00 pm all participants will share a special candle lighting ceremony to remember those individuals who have been affected by cancer. Luminaries named in honor or memory of cancer patients will be lighted and placed around the perimeter of the track. You are invited to support this effort by purchasing a luminary in honor of a loved one who has been touched by cancer. Simply fill out the back of this form and mail your order to the address listed on the reverse side.
