This has been a very trying year. Due to the wet spring after fertilizer was spread on the cemetery to help smother out the weeds and thicken the grass, donated by Bro. Don Cummins, we mowed the grass 13 times from May 30, 2001-May 30, 2002. We also filled sunken graves with dirt. Removed a tree that fell

across the fence in the back and repaired the fence. Expense - \$886.00. Received in 2001 - \$761.00. Thank you for your support we need your support continue to keep up the cemetery. Something To Think About

ROY MARTIN DIRECTOR

DOCUMENTATION FOR ESTATE

If part of your estate eventually will be probated, a simple but enormously useful step to save money is to organize your records and documents as completely as you possibly can now, while you're alive.

Interestingly enough, this is more important if your estate is small rather than large. Searching out documents by the executor is charged against the estate and represents a greater percentage of a

small estate than a large one. In either case, organizing your documentation can mean a direct dollar savings.

Whether we like it or not, our financial and legal affairs depend on paper. For your survivors' sake, draw up an inventory of all the information they will need. Gather the papers together, if you have them, or make careful notations as to where the papers are to be found and what they contain.
