NOTICE TO CUSTOMERS OF KENTUCKY UTILITIES COMPANY RECOVERY BY ENVIRONMENTAL SURCHARGE OF KU'S 2002 ENVIRONMENTAL COMPLIANCE PLAN

PLEASE TAKE NOTICE that on August 12, 2002, Kentucky Utilities Company ("KU") will file with the Kentucky Public Service Commission ("Commission") in Case No. 2002-00146, an Application pursuant to Kentucky Revised Statute 278.183 for approval of an amended compliance plan ("KU's 2002 Environmental Compliance Plan") for the purpose of recovering the capital and operation and maintenance costs associated with new pollution control facilities by way of assessment of an environmental surcharge on customers' bills beginning January 1, 2003, through KU's existing Electric Rate Schedule ES on file with and previously approved by the Commission. The total cost of these new facilities is estimated to be \$20.3 million. Compliance with all federal, state and local environmental regulations requires KU to continually build and upgrade equipment and/or facilities required to continue to operate in an environmentally sound manner. Specifically, KU must expand the ash treatment facilities at the Ghent Power Station at Ghent, Kentucky to meet current environmental water quality standards.

The estimated impact on a residential customer using 1,000 kilowatt hours per month is expected to be an initial increase of \$0.13 for KU customers in 2004, with the maximum increase expected to be \$0.27 in 2008. The Application described in this Notice is proposed by KU. However, the Public Service Commission may make an order modifying or denying KU's Application. Such action may result in an environmental surcharge for consumers other than the environmental surcharge described in this Notice.

Any corporation, association, body politic or person may, by motion within thirty (30) days after publication, request leave to intervene in Case No. 2002-00146. That motion shall be submitted to the Public Service Commission, 211 Oliver Blvd., P.O. Box 618, Frankfort, Kentucky, 40602, and shall set forth the grounds for the request including the status and interest of the party. Intervenor may obtain copies of the Application and testimony by contacting Kentucky Utilities Company at 220 West Main Street, Louisville, Kentucky, 40202. Attention: Michael S. Beer, Vice President, Rates and Regulatory Affairs. A copy of the Application and testimony will be available for public inspection at KU's offices where bills are paid after August 12, 2002.
