Dear Editor.

I am writing about a place in town, better known as' Jerry's Place, also known as the pool room. Well: the County is trying to shut this place down, because so many kids hang out there in the aftermoon.

Lerry nut the pool room in for kids.

Jerry put the pool room in for kids to keep them off the streets. I personto keep them off the streets. I person-ally have been there with my family, and friends. We go there on Friday and Sairdray nights, because there is not anything in town anyway. It's a good place to go to. They do not sell drugs or anything in there (and people of Reckeastle County, just because these guys hang on the street, that does not mean they sell drugs.

sell drugs.
Tell me one person that says you, can't stand there anyway.
I mean who owns Mt. Vernon anyway. And as far as these guys they would to do more for you anyway. But the County is trying to have Jerry's shut down, then maybe it's about time you all get out and have a shoult lime you all get out and have a

Jerry's shut down, then maybe it's about time you all get out and have a good time with your family too.

Go to Jerry's and have a game of pool. It might make you feel better, but there is no drugs nor liquor there, I don't care what people say or think, but there simply is nothing to that bull.

bull.

So, people of Rockcastle County, you all should drop by Jerry's Place. It's a good place to go, and have fun

with your family.

Is there any place in town that you can play pool, listen to music and get entertained at the same time. I hope this keeps Jerry's Place open and he doesn't get shut down, because Jerry

doesn't getshut down, because Jerry is an all out good person. So why don't the people of Rockeastle County, give this place a chance, for once, because we need this place in Mt. Vernon, without Jerry's Pool Room, them Mt. Vernon might as well cread up in some hole and the place is the place with the place keep Jerry's open, go in talk to him, shade his hand and say hello sometime.

Thanks,

Linda Kirby

However, when they get naked in order to complete the defecatory process in our water sup-ply it does concern me and my water
