MORI DRIFT INC DCTIPIUTCS

In our day and time there is an dreadful plaque among many nations, and hat is the problem of abortion, the filling of impocent human beings. Let's look at Luke 2:12, "Ind this shall be a sign unto you; Ye shall find the habet verapped in swalling collapse," how this text is alking a bout our Lord the night he was born there in Bettlehem. Would once well agree that to kill this "babe" would be numered? "Ye, verily you he Is look at Luke 1:14, "And it come to poxs, that, when Elisabeth was filled with the Holy Chair." Now here we see that Elizabeth was about memoral and the shall and the pregnancy, yet motice by inspiration, the ulmon child was called a "babe." It is the same word in English and in Greek. Now if we can all see that it is wrong to kill a "babe" that so, surely we can see it is wrong to kill a "babe" that so, surely we can be et is wrong to kill a "babe" that so, surely we can be et is wrong to kill a "babe" that is not perpanancy; yet matter, by calling in pregnancy is undowneed to volume seeks to volume reason chouse the natter, by calling in pregnancy is undowneed to work the same word in English and in Greek. Now if we can all see that it is wrong to kill a "babe" that so, surely we can see it is wrong to kill a "babe" that so, surely we can see it is wrong to kill a "babe" that so, surely we can see it is wrong to kill a babe "but so my pregnancy issue.

Or feat lissue, and that "removing it" would be about like removing a solypy or a unwanted war. No, let's call abortion what it is, killing a babe.
