On a special occasion, my aunt remembered me and sent a card to me on which she wrote that she loved me. I was truly excited and showed it. I knew someone cared about me, and that was even more special.

Words, written or spoken, are powerful. Blaise Pascal, a seventeenth century French philosopher, wrote, "Kind words do not cost much. They never blister the tongue or lips. Though they do not cost much, they accomplish much." And they do accomplish much. They are capable of producing deep-flet emoton in the human heart, altering human situations, and they can change life.

Not only do kind words cost little, but also at all times there is plenty of opportunity to use them. The proper response to a good deed whenever it occurs is a word of genuine gratitude, and a sincere word of congratulation is the appropriate response to someone's

Ladies, you've given birth. This is just a colonoscopy.

Colon cancer screening saves lives. Screening detects precancerous polyps and allows them to be removed before turning into cancer. Screening also helps find colon cancer at an early stage, when treatment often leads to a cure. So, please, take control of your life and your health – if you're turning 50 or are experiencing abnormal symptoms, GET SCREENED. And urge those you love to do the same. Speak to your healthcare provider about scheduling your colonoscopy today.
