Direct and Counter-Cyclical Payment Program (DCP) - 2013

The American Taxpayer Relief Act of 2012, enacted on Jan. 2, 2013, amends the Food, Conservation, and Energy Act of 2008 and provides for a one-year extension of the Direct and Counter-Cyclical (DCP) program. To be eligible for direct and counter-cyclical payments, producers must enroll their farms in DCP during the sign-up period which began on Feb. 19, 2013 and ends on Aug. 2, 2013. Please call 606-256-2525 to schedule an appointment.

For more information about this and other FSA programs please visit your local FSA county office or visit www.fsa.usda.gov.

Crop Acreage Reporting

Farm Service Agency (FSA) reminds agricultural producers of the acreage reporting requirements that must be met prior to receiving program benefits. Filing an accurate acreage report for all crops and land uses, including failed acreage and prevented planting acreage, can prevent the loss of benefits for a variety of programs. July 15th is the final date to certify all crops, except small grains.

Producers must report acreages to maintain eligibility for Price Support Programs, Noninsured Crop Assistance Program (NAP), Conservation Reserve Program (CRP) and Direct and Counter-Cyclical Program (DCP). All cropland on farms must be certified to remain eligible for these programs.

CRP Sign-up

Kentucky Farm Service Agency (FSA) will conduct a four-week Conservation Reserve Program (CRP) general sign-up beginning May 20, 2013 and ending on June 14, 2013. CRP addresses critical resource issues. In addition to erosion control, CRP provides significant water quality benefits including reduced nutrients and sediment loadings and adverse consequences associated with floods as well as expanded

and enhanced wildlife habitat.

CRP is a voluntary program available to agricultural producers to help them safeguard environmentally sensitive land. Producers enrolled in CRP plant long-term, resource-conserving covers to improve the quality of water, control soil erosion and enhance wildlife habitat. Producers that are accepted in the sign-up can receive cost-share assistance for planting covers and receive an annual rental payment for the length of the contract (10-15 years).

Important program dates and Interest Rates

Farm Operating Loans-Direct = 1.375%
