

Pine Hill Baptist Church had their “It’s All About Jesus” float in the Livingston Homecoming parade last Saturday. Homecoming organizers have already projected this year’s parade and festivities to be the largest ever in the annual event’s 29 year history.

Three people were injured and one person had to be extricated by Mt. Vernon Fire and Rescue after a two car collision last Saturday morning on Hwy 25 near the 59 exit in Mt. Vernon. Authorities say Lorene Ponder, 78, of Mt. Vernon was exiting off southbound I-75 and attempting to turn south onto Hwy 25 when she pulled out into the path of Dustin Cromer, 21, of Mt. Vernon who was traveling north on Hwy 25. Ponder’s female juvenile passenger and Cromer were transported by ambulance to Rockcastle Regional Hospital where they were treated and later released. Ponder was flown to the UK Medical Center where she is currently being treated for serious injuries.

RCIDA in the lease amendment.

The original lease agreement runs through August of 2016 and the company has two five-year renewal options available. The company’s current contract with the Veterans Administration runs longer than the first seven year term of the lease.

In other business, Hopkins told the board that the chance for a \$350,000 grant for the proposed Rockcastle County Food Hub looks good. The grant would be from the Kentucky Department of Agriculture and will be awarded through Growing Warriors and ASPI. The executive director also told the board that she was presently working to find a site suitable for a distribution center in the county which, if built here, would bring an additional 40 new jobs to the county.

Hopkins also reported that a decision would be made shortly by Anchor Packaging on which facility to install a new multi-million dollar piece of machinery they have purchased. Hopkins said she “thinks it is coming here,” which would help to boost employment numbers at the company. She said that Anchor has recently assured her that “everything was fine.”

we fixed the main tent and sound system,” Medley said. “We were ready to rock and roll after we beat the pins back down on the tent and blew the sound systems out. Then a lot of people came back, once they saw the tent was fixed and the music started back up again.”

Despite the storm, Medley went on to say that homecoming organizers have already projected this year’s homecoming to be one of the largest ever in its 29 year history.

“We had over 300 people come to see the famous Moron Brothers Saturday night and all the other events had a lot of people at them as well even though there was bad weather at times,” Medley said. “Everyone seemed to be having a great time at the events and having a great time reminiscing with each other. That’s what the homecoming is all about.”
